Brandon Ford

What could go wrong?

Brandon Ford

What could we use to organize?

- App
- Website

Brandon Ford

Would users be able to communicate with the offerers?

Brandon Ford

Will the website be colorful or dark?

Brandon Ford

How would it stand out?

Brandon Ford

Would people use it/

Brandon Ford

How to organize resources?

- lists
- graphs
- tabs

Brandon Ford

Will the app/website be subscription based?

Brandon Ford

Will there be animated images?

Brandon Ford

What could make the solution pop?

Brandon Ford

How will the app/website be advertised?

Brandon Ford

Will there be a settings page, what will it include?

Brandon Ford

Will accounts be needed?

Brandon Ford

What would the name be?

Brandon Ford

What sense of community would the users want?

Brandon Ford

How will it compete, if there are competitors?

Brandon Ford

Will there be a way to save resources?

Brandon Ford

Will there be a age range?

Brandon Ford

Would users have profile pictures?

Brandon Ford

How would design affect the solution?

Brandon Ford

Would it be creative enough?

Brandon Ford

Will there be a like feature, if so will there be a most liked feed?

Brandon Ford

Will users be able to communicate with other users?

Brandon Ford

How will the choice of organization be customized?

Brandon Ford

We users be able to add projects

Brandon Ford

Would it be easy to replicate or replace?

Brandon Ford
